<b>Tour Duration</b>	2
<b>Style</b>	Small Group Tours - 4WD and Walks
<b>Departs</b>	Daily
<b>Foreign Language Tours</b>	Italian and French language tours available

## Itinerary

### Day 1. Seal Bay Guided Beach Walk, Kangaroos and Koalas in the Wild

Arrive on Kangaroo Island at 10 am by air or 9.45 am by ferry (additional expense). Tour through several differing island habitats and see wildlife in its natural environment. As you travel the island, keep an eye out for echidnas, wallabies, reptiles and wildflowers. At spectacular Seal Bay your guide will escort you on a memorable walk along the beach. This bay is home to a healthy Australian Sea Lion colony. Walk among the sea lions as they bask on the beach or among the sand dunes. With your guide you are able to stand at a safe distance to see these wonderful endangered creatures. This is without doubt an unforgettable experience. Enter our exclusive Heritage-listed natural bush property to enjoy a delicious gourmet picnic lunch with wine. Travel through the island's interior keeping an eye out for koalas and echidnas. Watch for the Tammar Wallaby later in the afternoon and, as the day draws to a close, see kangaroos leave the safety of the bush to begin grazing on the open pastures.

**Stay: Choice of accommodation Lx1**

### Day 2. Flinders Chase National Park, Fur Seals, Remarkable Rocks, Admirals Arch

Travel to the western section of the island and discover the remarkable Flinders Chase National Park, one of the oldest and most important national parks in South Australia. The park incorporates almost 20 per cent of the island and much of it is a Wilderness Protection Area, home to a variety of fauna and flora unique to Kangaroo Island. See at close range some of the 10,000 healthy New Zealand Fur Seals in their colony at Cape du Couedic and discover the unique Remarkable Rocks - these large granite boulders balance dramatically on the cliff edge. At Admirals Arch see where the powerful forces of nature have cut through the headland to create this natural geological formation. A delicious gourmet picnic lunch with wine will be served in a secluded bush setting. During the day koalas can be observed. By special permit, enter the Kelly Hill Conservation Park to see kangaroos and other native wildlife emerge from the safety of the bush to graze on the open plains. Your tour concludes in time for a 6.35 pm flight to Adelaide or a 7.30 pm ferry return to the mainland.

**Lx1**
